CVWO Winter Assignment Mid-Submission

Name: Siew Kheng Hun

Mat No: A0199156N

Current implementation – Able to perform CRUD functions on tasks of the to-do list.

Work in progress

- Editing existing tasks causes it to appear at the bottom of the list until page is refreshed → will work to get the page to auto refresh upon edit

- Implement the tagging system and search function

- Enable sorting of table (by deadline/tag etc)

- Set up an alert if the user tries to key in a deadline that is before the current system date

- Set up a page to store completed tasks, allow users to check off tasks they have completed

- Color Scheme for the tasks, possibly based on the user preference or how close current date is to the deadline
